Bank and its affiliates and service providers will maintain reasonable safeguards to protect the information from unauthorized disclosure or use, but reserve the right to use and disclose this information as reasonably necessary to provide Online Banking, perform analytics to improve Online Banking, and as otherwise permitted by law, including compliance with court orders or lawful instructions from a government agency, to protect the personal safety of subscribers or the public, to defend claims, and as otherwise authorized by you. Bank and its affiliates and service providers also reserve the right to monitor use of Online Banking for purposes of verifying compliance with the law, this Agreement and any applicable license, but disclaim any obligation to monitor, filter, or edit any content.

## Alerts

These Alerts terms apply to the Alerts feature (referenced below) within Online Banking. These Alerts terms only apply to Alerts. If Alerts are not available to you, then these Alerts terms do not apply. To the extent there is any conflict between the terms of the Agreement and these Alerts terms with respect to Alerts, then the terms in these Alerts terms shall apply.

Alerts in General. Your enrollment in Online Banking includes enrollment to receive transaction alerts and notifications ("Alerts"). Alerts are electronic notices from Bank that contain transactional information about your account(s). Alerts are provided within the following categories:

- Mandatory Alerts provide you with important account notifications, such as information about changes to your Online Banking password, PIN, or login information. You do not have the option to suppress these Mandatory Alerts.
- Account Alerts provide you with notification of important account activities or when certain changes are made to enrolled accounts. These Alerts are automatically activated for you. Although you may suppress these Account Alerts, Bank strongly recommends that you do not do so because they provide important information related to your accounts.

Additional Alerts must be activated by you to be enabled. These Additional Alerts can be accessed from the More menu within Online Banking.

Bank may add new Alerts from time to time, or cancel old Alerts. Bank will usually notify you when it cancels Alerts, but is not obligated to do so. Bank reserves the right to terminate its Alerts service at any time without prior notice to you.

Methods of Delivery. Bank may provide Alerts through one or more channels ("EndPoints"): (a) a mobile device, by text message; (b) a mobile device, by push notification; (c) an email account, by an e-mail message; or (d) your Online Banking message in-box, by an e-mail message. You agree to receive Alerts through these EndPoints, and it is your responsibility to determine that each of the service providers for the EndPoints described in (a) through (c) above supports the email, push notification, and text message Alerts provided through the Alerts service. Please be advised that text or data charges or rates may be imposed by your EndPoint service provider. Alert frequency varies by account and preferences. You agree to provide Bank a valid mobile phone number or email address so that it may send you Alerts. If your email address or your mobile device's number changes, you are responsible for informing Bank of that change. Your Alerts will be updated to reflect the changes that you communicate to Bank with regard to your primary and secondary email addresses or mobile device number.

Alerts via Text Message. To stop Alerts via text message, text "STOP" to 99588 at any time. Alerts sent to your primary email address will be unaffected by this action. To restore Alerts, just visit the Alerts tab in Online Banking and click the box next to your mobile number for the Alerts you'd like to receive again. For help with SMS text alerts, text "HELP" to 99588. In case of questions please contact customer service at 888 969-1265. Participating carriers include (but are not limited to) AT&T, SprintPCS, T Mobile®, U.S. Cellular®, Verizon Wireless, MetroPCS.

Limitations. Bank provides Alerts as a convenience to you for information purposes only. An Alert does not constitute a bank record for the deposit or credit account to which it pertains. Bank strives to provide Alerts in a timely manner with accurate information. However, you acknowledge and agree that your receipt of any Alerts may be delayed or prevented by factor(s) affecting your mobile phone service provider, internet service provider(s) and other factors outside Bank's control. Bank neither guarantees the delivery nor the accuracy of the contents of each Alert. You agree to not hold Bank, its directors, officers, employees, agents and service providers liable for losses or damages, including attorneys' fees, that may arise, directly or indirectly, in whole or in part, from (a) a non-delivery, delayed delivery, or the

misdirected delivery of an Alert; (b) inaccurate or incomplete content in an Alert; or (c) your reliance on or use of the information provided in an Alert for any purpose.

Alert Information. As Alerts delivered via SMS, email and push notifications are not encrypted, Bank will never include your passcode or full account number. You acknowledge and agree that Alerts may not be encrypted and may include your name and some information about your accounts, and anyone with access to your Alerts will be able to view the contents of these messages.

## **Funds Transfers**

These Funds Transfer terms apply to the Funds Transfer services available through Online Banking. These Funds Transfer terms only apply to Funds Transfers. Authorization. You authorize Bank to process transactions created through the use of Online Banking, including the amount of any recurring payment or transfer that you make. You agree that sufficient funds must be available in your account on the date that you schedule payments or transfers to be made using Online Banking.

### Electronic Fund Transfers Disclosure

Your Rights and Responsibilities. This Electronic Fund Transfers Disclosure does not apply to any accounts other than consumer accounts, as defined by Regulation E. Indicated below are types of Electronic Fund Transfers Bank may handle, some of which may not apply to your account. Please read this disclosure carefully because it tells you your rights and obligations for the transaction listed. You should keep this notice for future reference.

Funds Transfers. You may access an enrolled account using Online Banking to:

You may also obtain information about the account balance of Checking accounts, the last statement of deposits or withdrawals to Checking accounts, the account balance of Savings/Money Market accounts, the last statement of deposits or withdrawals to Savings/Money Market accounts, the account balance of certificate of deposits, the account balance of Loan accounts, and the last statement of activity on Loan accounts.

Fees. Except as indicated elsewhere, Bank does not charge for these electronic fund transfers.

Periodic Statements. You will get a monthly account statement from Bank for your Money Market and Checking accounts. You will get a monthly statement from Bank for your Savings accounts if you have electronic initiated debits. All payments, transfers and/or fees will appear on your monthly account statement.

Preauthorized Payments.

- Right to stop payment and procedure for doing so. If you have told Bank in advance to make regular payments out of your account, you can stop any of these payments. Here is how: Call or write Bank at the telephone number or address listed on this disclosure (E-mail not accepted) in time for Bank to receive your request 3 business days or more before the payment is scheduled to be made. If you call, Bank may also require you to put your request in writing and get it to Bank within 14 days after you call. Bank will charge you for each stop payment order you give. Fee schedule available upon request.
- Liability for failure to stop payment of preauthorized transfer. If you order Bank to stop one of these payments 3 business days or more before the transfer is scheduled, and Bank does not do so, Bank will be liable for your losses or damages.
- In the event of termination of Services, recurring transfers will not necessarily be discontinued. In the event that you have discontinued use of the Services and want recurring transfers stopped, please contact Bank at 877-782-2195 to ensure the transfers are stopped.

Bank's Liability. If Bank does not complete a transfer to or from your account on time or in the correct amount according to its agreement with you, Bank will be liable for your losses or damages. However, there are some exceptions. Bank will not be liable for the following:

- If, through no fault of Bank, you do not have enough money in your account to make the transfer.
- If the transfer would go over the credit limit on your overdraft line.
- If the automated teller machine where you are making the transfer does not have enough cash.
- If the terminal or system was not working properly and you knew about the breakdown when you started the transfer.
- If circumstances beyond Bank's control (such as flood or fire) prevent the transfer, despite reasonable precautions that Bank has taken.
- There may be other exceptions stated in Bank's agreements with you.

Confidentiality. Bank will disclose information to third parties about your account or the transfers you make:

- Where it is necessary for completing transfers; or
- In order to verify the existence and condition of your account for a third party, such as a credit bureau or merchant; or
- In order to comply with government agency or court orders; or
- If you give Bank written permission.

Unauthorized Transfers.

1. Consumer liability generally. Tell Bank AT ONCE if you believe any of your access devices or Authentication Methods (see below) has been lost or stolen, or if you believe that an electronic fund transfer has been made without your permission. Telephoning is the best way of keeping your possible losses down. You could lose all the money in your account (plus your maximum overdraft line of credit). If you tell Bank within 2 business days after you learn of the loss or theft, you can lose no more than \$50 if someone used an access device or Authentication Method without your permission.

2. If you do NOT tell Bank within 2 business days after you learn of the loss or theft of an access device or Authentication Method, and Bank can prove it could have stopped someone from using the access device or

Authentication Method without your permission if you had told Bank, you could lose as much as \$500. Also, if your statement shows transfers that you did not make including those made by your access device or Authentication Method or other means, tell Bank at once. If you do not tell Bank within 60 days after the statement was mailed to you, you may not get back any money you lost after the 60 days if Bank can prove that it could have stopped someone from taking the money if you had told Bank in time. If a good reason (such as a long trip or hospital stay) kept you from telling Bank, it will extend the time periods.

3. Contact in event of unauthorized transfer. If you believe any of your access devices or an Authentication Method has been lost or stolen or that someone has transferred or may transfer money from your account without your permission, call or write Bank at the telephone number or address listed on this disclosure.

#### Error Resolution Notice

In Case of Errors or Questions about Your Electronic Transfers, Call or Write Bank at the telephone number or address listed on this disclosure, as soon as you can, if you think your statement or receipt is wrong or if you need more information about a transfer listed on the statement or receipt. Bank must hear from you no later than 60 days after it sent the FIRST statement on which the problem or error appeared.

1. Tell Bank your name and account number (if any).
2. Describe the error or the transfer you are unsure about, and explain as clearly as you can why you believe it is an error or why you need more information.
3. Tell Bank the dollar amount of the suspected error.

If you tell Bank orally, it may require that you send your complaint or question in writing within 10 business days. Bank will determine whether an error occurred within 10 business days (5 business days if involving a Visa point-of-sale transaction processed by Visa or 20 business days if the transfer involved a new account) after Bank hears from you and will correct any error promptly. If Bank needs more time, however, it may take up to 45 days (90 days if the transfer involved a new account, a point-of-sale transaction, or a foreign-initiated transfer) to investigate your complaint or question. If Bank decides to do this, it will credit your account within 10 business days (5 business days if involving a Visa point-of-sale transaction processed by Visa or 20 business days if the transfer involved a new account) for the amount you think is in error, so that you will have the use of the money during the time it takes Bank to complete the investigation. If Bank asks you to put your complaint or question in writing and does not receive it within 10 business days, Bank may not credit your account. Your account is considered a new account for the first 30 days after the first deposit is made, if you are a new customer. Bank will tell you the results within three business days after completing its investigation. If Bank decides that there was no error, it will send you a written explanation. You may ask for copies of the documents that Bank used in its investigation.

You agree that Bank is entitled to act upon any communications or instructions Bank receives under your Authentication Method. You agree to take appropriate steps to ensure that all components of your Authentication Method are protected and kept confidential. You are liable for all transactions made or authorized with the use of your Authentication Method. Bank has no responsibility for establishing the identity of any person who uses your Authentication Method. You agree that if you give any component of your Authentication Method to anyone or fail to safeguard its secrecy, you will be in violation of your obligations to Bank. Any communications or instructions Bank receives from you using your Authentication Method shall be considered "in writing" and shall have the same force and legal effect as a writing signed by you. Additional Authentication Methods may also include biometric login. If available to you, this is an optional sign-in method for Online Banking that may be available for certain computers and devices that have a built-in biometric scanner. To use biometric login, you will need to first save your fingerprint/facial feature scan on your computer or device (for more help with biometric scanning, contact the manufacturer that supports your computer or device). Biometrics are stored on your computer or device only and Bank never sees or stores your biometric information. You acknowledge that by enabling biometric login, you will allow anyone who has biometric information stored on your computer or device access to your personal and payment account information available within Online Banking. Bank reserves the right to suspend or disable this feature at any time. Biometric login can only be associated with one Online Banking username at a time on a device. If your computer or device doesn't recognize your biometric information, you can sign in using your standard login credentials (e.g., password). To use biometric login for Online Banking on multiple computers or devices, you will need to set it up for each computer or device. You can enable or disable biometric login anytime within Online Banking.
